

USB (FLASH) DRIVE SECURE TRANSPORT CASES

Promote your corporate or professional identity while providing a safe method for minimizing the chances of losing key documents on a thumb drive.

Flash Pack USB Case Cassette

Size with overlay 3" x 4-3/4"

This super-clear plastic case secures and protects USB drives during shipping and transport. About the size of a cassette tape case, it helps prevent misplaced thumb drives containing key documents. It holds most standard flash drives plus cap.

Case accommodates a custom printed wrapper designed for easy change-out of message. The printable spine provides a fast visual reference for vertical filing.

- **Maximum thumb drive dimensions:**
3/8" long x 3/8" thick.

Flash Pack USB Case DVD Size

Size with overlay 5 1/4" x 6-3/4"

This super clear USB drive case is similar in size to a DVD or Blu-Ray case. In addition to the features listed above, it features built-in literature clips, which allow the insertion of a flyer, booklet or other supporting literature.

- **Maximum thumb drive dimensions:**
3/8" long x 3/8" thick.
