icrease PRO

With a wide, 13 inch in-feed perfect for standard digital printing formats, the icrease Pro offers production speeds up to 2,000 sheets per hour. A touch screen programming module with automated distance recognition facilitates automatic set-up for letter, half, roll, gate, double gate, double parallel, tri-, and z-fold formats. Automatic set-up is also available for 3 types of perfect binds as well as custom set-up of up to 12 creases per page. Rotary actuated, matrix compression crease system produces a sharp crease without cracking. 2 creasing dies (standard and wide). Side guide register ensures accurate feed. Quiet operation.

Economical, tabletop die-creaser designed for low to medium run jobs.

EZCreaser Touch R1 Digital Creaser

EZ Creaser

Designed to accommodate today's digitally produced finishing demands, the Count EZ Touch R1 is engineered with the highest quality parts and workmanship. The EZ Creaser Touch rotary actuated impact creasing delivers a crisp, sharp score with no cracking of the printed image. Count's proven, dependable microprocessor accurately controls the stepper motor driven transport, with score positions controlled to 1/100th in. Automatic setup with the touch of a button as well as micro-lateral feed rails. Additional features include linear perf/score capabilities (including micro and laser perf), automated distance recognitiion and batch / total counters. Options to add inline folder, or inline transport to UV coater. Includes standard and wide crease dies.
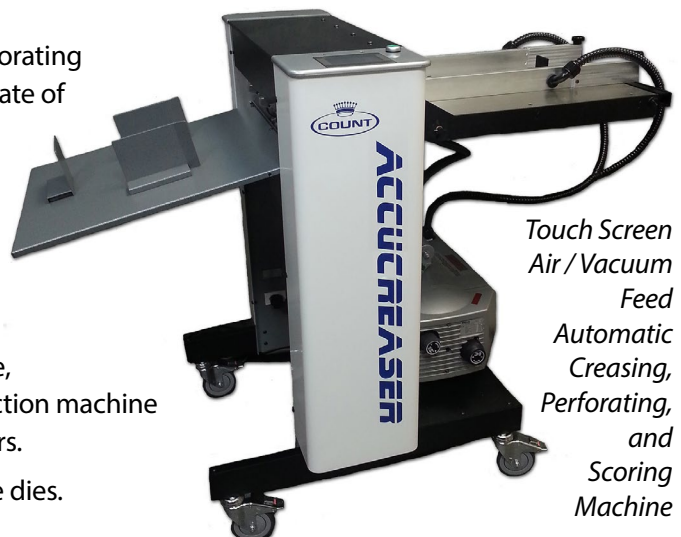

The EZcreaser Touch delivers precise rotary actuated impact creasing

Accucreaser

The Accucreaser Automatic Air/Vacuum Feed Creasing, Perforating and Scoring Machine features a new modern design with state of the art touch screen technology. Automated distance recognition enables auto set ups setups for 11 commonly used creased jobs: Half, Tri-fold, Z-fold, Letterfold, Rollfold, Gatefold, DoubleGate, and Double Parallel. Bottom Air/Suction with register guide or Deep Pile Air Feed allows 27" of stock to be loaded. Up to 12 actions per sheet.

With an 18" wide crease width, the Accucreaser offers crease, perforating and feed modes. This outstanding multiple function machine also features sheet spacing control and batch / total counters.

The Accucreaser comes with both standard and wide crease dies.

Touch Screen Air / Vacuum Feed Automatic Creasing, Perforating, and Scoring Machine
