

*SRW 360 Series and ERW machines are made in Germany, designed with compact construction and engineered of quality heavy gauge metals.*

**SRW 360**

**3:1 Punch and Manual Closing Machine**  
**OFFICE LINE**

*Punch and closing machine for ring wire designed for efficiency and binds up to 250 books per hour*

The **SRW 360** is the NEW modular generation of the RENZ<sup>®</sup> 3:1 punch and manual closing machines for ring wire binding and RENZ RING WIRE<sup>®</sup>. The **SRW 360** punches up to 5,000 sheets per hour and offers the best ratio of punching pressure available. With 42 punch pins that can be individually disengaged and adjustable margin control for perfect format adjustment up to 14", the **SRW 360** punches up to 25 sheets and binds up to 120 sheets. Wire diameters range from 3/16" to 5/8". With a fast and easy change, the new **SRW 360** can be converted from a manually operated machine into a combined electric punch and manual-closing machine in about 3 minutes with the addition of the RENZ electric module.

**3:1 Electric Punch and Manual Closing Machine**  
**OFFICE LINE**

*Easy to use with electric foot pedal and binds up to 280 books per hour.*

The **SRW 360 Comfort** is the new version of our 3:1 electric punch and manual closing machine. With all the same high quality features of the **SRW 360** above, the **SRW 360 Comfort** has a higher punching capacity of up to 10,000 sheets per hour and a vertical punching alignment system creating added efficiency for larger jobs with higher quantities. The electric foot pedal motor runs only when the pedal is pressed and only uses electricity during the punching cycle. Punched sheets are inserted onto the front binding element and then easily moved into the closing device. A pull of the lever finishes the binding to perfection.

**SRW 360 COMFORT**

**ERW**

**3:1 Electric Punch and Manual Closing Machine**  
**OFFICE LINE**

*High speed electric punch and fastest punching cycle that binds up to 300 books per hour.*

The **ERW** is a 3:1 powerful self-contained electric punch and manual closing machine with electric foot pedal for ring wire binding and RENZ RING WIRE<sup>®</sup>. The **ERW** is designed for higher quantity professional output with added speed from the 250 W motor. The **ERW** has a fast punching cycle, approximately one second, punching up to 20,000 sheets per hour. Includes punch pins that can be individually disengaged and adjustable margin control for perfect format adjustment. The **ERW** punches up to 25 sheets and has a binding capacity of up to 300 books per hour. Bind books up to 1/2" in thickness.

*ECO Series machines are made in Germany, designed with compact construction and engineered of quality heavy gauge metals.*

**ECO S 360**

**2:1 One Pitch<sup>®</sup> Manual Punch and Manual Closing Machine**

**OFFICE LINE**

*Punch and closing machine for ring wire that's easy to use and binds up to 250 books per hour*

The **ECO S 360** is a 2:1 One Pitch manual punch and manual closing machine for ring wire binding and RENZ RING WIRE<sup>®</sup>. The **ECO S 360** is easy to use and designed to give an efficient and faster workflow for larger quantity jobs, punching up to 5,000 sheets per hour. 28 punch pins can be individually disengaged and an adjustable margin control enables perfect format adjustment up to 14". The **ECO S 360** punches up to 25 sheets, binds up to 340 sheets and has a binding capacity of up to 250 books per hour. Wire diameters range from 1/4" to 1-1/2". RENZ RING WIRE<sup>®</sup> is available in 9 colors and a variety of colors.

**2:1 One Pitch<sup>®</sup> Electric Punch and Manual Closing Machine**

**OFFICE LINE**

*Easy to use with electric foot pedal and binds up to 280 books per hour*

The **ECO S 360 Comfort** is a 2:1 One Pitch electric punch and manual closing machine for ring wire binding and RENZ RING WIRE<sup>®</sup>. The **ECO S 360 Comfort** is designed for more efficient and faster workflow with added speed from the electric foot pedal, punching up to 10,000 sheets per hour. 28 punch pins can be individually disengaged and includes an adjustable margin control for perfect format adjustment up to 14". The **ECO S 360 Comfort** punches up to 25 sheets, binds up to 340 sheets and has a binding capacity of up to 280 books per hour. Wire diameters range from 1/4" to 1-1/2".

**ECO S 360 COMFORT**

**2:1 One Pitch<sup>®</sup> Electric Punch and Manual Closing Machine**

**OFFICE LINE**

*High speed electric punch and fastest punching cycle that binds up to 300 books per hour.*

The **ECO E** is a 2:1 One Pitch powerful self-contained electric punch and manual closing machine with electric foot pedal for ring wire binding and RENZ RING WIRE<sup>®</sup>. The **ECO E** is designed for higher quantity professional output with added speed from the 250 W motor. The **ECO E** has a fast punching cycle, approximately 1 second, punching up to 23,000 sheets per hour. Includes 26 punch pins that can be individually disengaged and adjustable margin control for perfect format adjustment up to 13.5". The **ECO E** punches up to 30 sheets, binds up to 280 sheets and has a binding capacity of up to 300 books per hour. Wire diameters range from 1/4" to 1-1/8".
