

## **RET-1500** **59" ELECTRIC TRIMMER**

The RET-1500 is a high quality wide format 59" electric trimmer designed to easily and professionally finish wide format graphics. Save time and effort with this reliable electric trimming system that provides smooth, clean cuts on a wide variety of substrates, such as signs, posters, and laminated materials.

Fully featured with fast trimming speeds of up to 6.6 ft/sec, full length activation bar, foot pedal activation, lighted power switch, wastecatcher, and illuminated guide lines all designed for quick and accurate trimming of signs, posters, and various laminated materials. Built-In safety covers, durable steel floor stand, and self-sharpening hardened steel blades provide reliable trimming with minimal maintenance. An optional Roll Holder bar is available to help feed large rolls of material for easier trimming.

98" Electric Trimmer

- Fast cutting with up to 6.6 ft/sec blade speed helps reduce trimming time compared to using manual trimmers
- The bidirectional self-sharpening rotary blade easily cuts material in both directions
- Trimming is made easy using the long activation bar running the length of the unit to activate the cutting blade
