

4-In-1 Binding Station

The Binding Station is a heavy duty punch and binding system that offers a unique space saving design; punch and bind Plastic Comb, Plastic Coil and Wire-O. The Binding Station 4 in 1 has 4 different punching dies and 3 binding stations all in one compact design eliminating the need for interchangeable dies and numerous binding modules. The pin design can be fully disengaged which allows for punching on any size document up to 12" and offers punching up to 35 sheets. The all metal construction makes it durable. Punching for 30,000 sheets /hour. Punches up to 35 sheets each time. Punching gutter margin & side margin is adjustable.

Machine dimension: 19.7" x 15.75" x 23.6".
