

# Revo T14

## Fully Automatic Laminator

**fuseFX**  
A DATABIND COMPANY

## Start Laminating a Whole *NEW* Way!

Fully automatic with one touch start to meet high productivity demands.

**High capacity auto-feed eliminates need to insert one at a time.**

Automatic paper feed, laminate and cut in one process. The auto-feed tray holds up to 300 sheets.\*

\*Based on 20lb. text weight paper.

**Film change is easy - with top loading system.**

Simple access from the top for quick and easy film roll change and roller cleaning.

**Easy to operate digital panel.**

Set *start* and *stop* and *number of sheets* easily and quickly on the digital LCD operation panel.

Now there's a fully automatic laminator for business professionals and copy/print shops to meet high on-demand lamination. The Revo-T14 auto-feeds, laminates and cuts with high speed and convenience with one touch start button. With its simple operation, the Revo-T14 laminator saves labor costs, time and increases productivity.

Join the **Revo Revolution** and see for yourself!
