

## TL2900 Electric WireBind Finisher

- Binds documents up to 12"

## TL2900 Electric Wire-Bind Finisher

Wire binding is faster and easier with this smart electric finisher. A dual load-and-crimp station eliminates the extra step of moving documents for loading. Just hang the spine, load the paper and close with the touch of a button. LEDs guide production by showing status at a glance.

*About Wire-Bind technology:* This high-tech spine takes any presentation to the next level. It lets pages lie flat for 360° rotation. And, it permanently binds documents, so you can be sure pages stay in place.

Features include: LED guide indicators, spine-size settings for faster operation, adjustment knob for fine-tuning spine closure, wire holder for easy spine loading, angled surface for easy loading and paper alignment. Binds documents up to 12"

## PB2600 Electric CombBind® Finisher

This high-capacity, electric finisher binds up to 300 presentations in an hour. Just set your spine size and get it done in three quick steps. Simply push the button or foot pedal to open, load pages, and push again to close.

*About CombBind® Spine Technology:* This is our most conventional binding option. The spine lets pages lie flat, and you can easily make edits with a CombBind® binding system.

Features include: LED spine-size indicator, adjustable knob for fine-tuning while binding, "no-flip" Spine Stopper holds large spines in place, standard push-button and foot pedal operation, angled surface for easy loading and paper alignment. Binds oversized documents up to A4 sizes.

- Binds documents up to A4

## CI12 Electric ColorCoil® Inserter

- Binds documents up to 12"

## CI12 Electric ColorCoil® Inserter

This electric finisher makes it simple to turn out perfect Color Coil® presentations in record time. A unique, adjustable dual-roller system quickly threads the coil through punched documents. Built-in dual crimper cuts and crimps both ends in one step.

*About Color Coil® Spine Technology:* Color Coil® adds energy to reports and proposals, and demands attention.

This spine always keeps its shape with bounce-back flexibility. It lets pages lie flat with 360° rotation for convenient note taking and photocopying. And, it permanently binds, so documents stay organized. Features include: multiple spine-size settings for faster operation, adjustable cutting and crimping for secure results, ergonomic lever ensures smooth and easy crimping.

**ProClick®  
Pronto™  
P2000  
Automatic  
Binding  
Machine**

- Six-second bind cycle binds up to 450 books per hour.
