

Pro-Bind 2000 Thermal Binding Machine

The NEW Pro-Bind 2000 is sure to exceed all your expectations for desk top perfect-binding system. The desktop 18 gauge steel perfect-binding machine weighs approximately 10 pounds and is built to last. It is able to bind from a 1/16" to a 2" spine capacity with the push of a button. There is no waiting for the Pro-Bind 2000 to warm up. The cycle time is 30 seconds for Soft Cover Thermal Binders and 60 seconds for Hard Cover Thermal Binders.

Capable of binding multiple documents at one time, production can exceed 420 soft cover books per hour. With the Pro-Bind 2000, a flawless perfect-bound document is just seconds away!

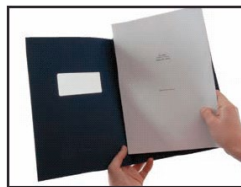

Pro-Bind 2000 Perfect Binding is as easy as...

1. Square up the loose sheets and position them in the spine of Soft or Hard Cover pre-folded, ready to use cover.
- 2 Place the cover in the Pro-Bind 2000 machine. You can bind up to 10 documents at one time.
3. Push the button to begin the Pro-Bind 2000 binding process. When the audible tone sounds, 30 seconds later, that's it! Your document is perfectbound..
